Gdańsk is one of the most beautiful Polish cities with a rich history, monuments and tourist attractions. The proximity to the sea makes it an ideal starting point for excursions to the Pomerania region. The tour includes a visit not only the main tourist points, but also those places that are rarely visited by large groups of tourists. With us you will know the charm of Gdansk streets, tenements, polish cuisine and you will know the history of the city, which is normally not written in the guidebooks.
